In re the Application of: **Takahide KOHRO et al.**

Art Unit: **1614**

Application Number: **10/590,493**

Examiner: **Anna Pagonakis**

Filed: **June 8, 2007**

Confirmation Number: **1082**

For: **NUCLEAR TRANSFER PROMOTER FOR RAC PROTEIN AND  
METHOD OF SCREENING THE DAME**

Attorney Docket Number: **032218A**

Customer Number: **38834**

**RESPONSE TO RESTRICTION REQUIREMENT**

Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

December 30, 2008

Sir:

This paper is submitted in response to the Office Action dated December 5, 2008, and having a response due date set for January 5, 2008.

In the Office Action, Applicants are required to elect one of the following groups of claims for prosecution in this application:

- |           |   |
|-----------|---|
| Group I   | Claims 1-3, drawn to a nuclear transfer promoter for Rac protein comprising an isoprenoid synthesis inhibitor and/or a geranylgeranyl transferase inhibitor; and  |
| Group II  | Claims 7-9, drawn to a method of promoting the transfer of Rac protein into a nucleus, which comprises administering an isoprenoid synthesis inhibitor and/or a geranylgeranyl transferase inhibitor to a cell; and |
| Group III | Claim 10, a pharmaceutical composition for vascular treatment; and  |
| Group IV  | Claim 12, drawn to a therapeutic/prevention method for vascular disorders comprising administering the nuclear transfer promoter  |

for Rac protein in an effective amount for therapy/prevention to a patient in need of therapy/prevention of vascular disorders; and

- |            |  |
|------------|--|
| Group V    | Claims 13-15, drawn to a method of screening a blood vessel remedy; and  |
| Group VI   | Claims 4, 5, 6, and 11, alternatively drawn to the method of promoting nuclear transfer to Rac protein of an isoprenoid synthesis inhibitor and/or a geranylgeranyl transferase inhibitor; and             |
| Group VII  | Claims 4, 5, 6, and 11, alternatively drawn to a nuclear transfer promoter for Rac protein comprising an isoprenoid synthesis inhibitor and/or a geranylgeranyl transferase inhibitor; and                 |
| Group VIII | Claims 4, 5, 6, and 11, alternatively drawn to a process of making a nuclear transfer promoter for Rac protein comprising an isoprenoid synthesis inhibitor and/or a geranylgeranyl transferase inhibitor. |

Applicants hereby elect the subject matter of Group V (claims 13-15) for prosecution in this application. This election is made without traverse, and it is understood that Applicants' rights to the filing of a divisional application directed to the non-elected subject matter under 35 U.S.C. §120 and 35 U.S.C. §121 are retained.

Application No.: 10/590,493  
Art Unit: 1614

Response to Restriction Requirement
